## THE VENUE

Central Institute of Agricultural Engineering was established on Feb. 15, 1976 during the Fifth Five Year Plan to address research issues related to Agricultural Engineering. The vision of the institute includes "To modernize Indian agriculture by improvement in crop productivity through agricultural mechanization, harnessing energy from renewable sources, efficient

management of irrigation water, reduction in post-harvest losses and promote agri-business with a view to enhance income and generate employment in rural sector". The infrastructure created at the Institute caters to various research & development and technology transfer activities. The regional centre at Coimbatore addresses the engineering intervention needs of southern states of the country. The institute provides international leadership in the agricultural mechanization domain through its prominent activities in the programmes like UN-ESCAP – CSAM, AARDO, SAARC, etc.

## LOCATION

Bhopal is well connected by air, rail and road. The Institute campus is located on Berasia Road and is 7 km from Bhopal railway station and 10 km from airport. Pre-paid auto rickshaw and taxi can be availed at railway station to reach ICAR-CIAE Bhopal campus.

## INVITATION

On behalf of the Organizing Committee and Indian Society of Agricultural Statistics, New Delhi, you are invited to attend 72<sup>nd</sup> Annual Conference of the Indian Society of Agricultural Statistics being organized at ICAR-Central Institute of Agricultural Engineering, Nabi Bagh, Berasia Road, Bhopal-462038, Madhya Pradesh, India during December 13-15, 2018. Kindly confirm your participation by sending the Registration Fee along with duly filled-in prescribed Proforma as given in the Brochure latest by October 31, 2018.

## CALL FOR PAPERS

The delegates/participants desirous to make presentation are requested to send a copy of the abstract (not exceeding 200 words) to the Secretary, Indian Society of Agricultural Statistics, ICAR-IASRI Campus, Library Avenue, Pusa, New Delhi-110 012 not later than **October 15, 2018**. (E-mail: [isasconf72@gmail.com](mailto:isasconf72@gmail.com)). Detailed information for submission of papers is available at [www.isas.org.in](http://www.isas.org.in)

## CLIMATE

Winter season starts in December and lasts till the end of February. The weather during this period is cold as minimums settle around 11°C on an average, while maximums hover around 26°C. Travelling to the city in winters should be a good idea as the temperature largely remains comfortable, allowing you to explore the city.

## THE CITY OF BHOPAL

The capital of Madhya Pradesh, Bhopal was built on the site of the 11th Century City of Bhojpal, founded by the Parmara King Bhoj (1000-1055). The city was originally known as Bhojpal, named after Bhoj and the dam ('pal') that he is said to have constructed to form the lakes surrounding Bhopal. The present city of Bhopal was founded by one of Emperor Aurangzeb's Afghan soldiers Dost Mohammed Khan. Bhopal reached its height of culture, arts and public works under the enlightened rule of the Begums, a 19th century dynasty of Muslim women. Today, Bhopal remains a city of considerable beauty. The two lakes of Bhopal still dominate the city; bordered along their shores are the old city with its marketplaces, mosques and palaces, and the new city with its verdant, exquisitely laid out parks and gardens, broad avenues and streamlined modern buildings.

## ACCOMMODATION
